SCHOOF ARRESTED AS A GERMAN SPY

Man Who Posed as Member of Canadian Mounted Police and Lectured Here Detained

SOUTH BEND INVESTIGATES

He Aroused Some Suspicion Here, But Was Permitted to Speak at Schools and Church

Gustav Schoof who posing as a member of the Canadian mounted police, lectured before the public schools of the city and at the Methodist church several weeks ago, has been arrested in South Bend as a German spy. What will come of the charges, however, is a matter of doubt.

In view of his recent appearance in this city and the completeness of the deception which—if he was a spy—he practiced on the city makes his arrest of vital interest to the host of people who heard his lectures. Previous to his appearance in this city he appeared in Connersville and in Richmond where his lectures proved exceedingly interesting to large audiences.

At the time of his appearance here, many local citizens looked upon him with doubt but after the investigation of the defense council, he was permitted to proceed with his addresses, the proceeds of which according to his assertions were to be given to a "chocolate fund" for the soldiers.

Gustav Schoof, wearing part of the uniform of the Canadian mounted police, presented a remarkable figure on local platforms—tall, lion-like and looking quite the part of the soldier of fortune which he undoubtedly was.

He claimed to be a born German but reared in the United States, and later after being denounced by the German government because he refused to serve in the army of the kaiser, joined the British army. He had gone through an African campaign against the Matabela natives and when the world war broke out had gone to Mexico as a soldier of fortune, where he had served under Madero. He undoubtedly is an expert swordsman and has a striking collection of South-African relics which he displayed during his lectures.

In all of his lectures, he rather avoided speaking of the Germans or of the Americans; in fact, most of his lecture was given over to the African campaigns. He spoke of the hard military drilling which is given the German soldiers and in another time during his lecture discouraged the sending of tobacco to the American soldiers without giving a good reason for doing so.

His conduct while in Rushville,

Continued on Page 2.

The Food Administraion
Says:

The reason that you are asked to eat corn and let the wheat be shipped to Europe, is that our Allies have few corn mills and are unaccustomed to the use of corn and the preparation of corn breads. It is not practical to ship large quantities of corn meal because it spoils in transit. Furthermore, our Allies have very few home ovens; they buy most of their bread at the baker's and corn bread is not good "store" bread. The oats, rye, barley, etc., that we send will not support them unless mixed with wheat.

WANT NO MORE MECHANICS

Army Board Gets Word That State Quota is Filled

The county army selection board received a telegram this morning saying the state's quota of motor mechanics was filled and that no more should be inducted into the service except those who had already been reported. Chester Northam of Arlington was the only one from this county, he having left Friday for Kelly Field, San Antonio.

Wimber S. Hall, who registered here, has been held for service at Missoula, Mont., according to word received by the board.

WIND BRINGS MEMORY NEWCASTLE TORNADO

High Gale of Saturday Night Does No Serious Damage in County —Cyclone Year Ago

COUNTY CONTRIBUTED FUND

The cyclonic wind of Saturday brought back memories of weather here preceding the Newcastle tornado of one year ago today when nineteen persons were killed and millions of dollars worth of damage done. The wind blew a gale here all Saturday night, but no damage of any consequence was done so far as could be learned today.

Rush county probably was feeling the effects of the tornado in Van Wert, Ohio, just east of Ft. Wayne, which cost the life of at least two persons and caused a loss close to a million dollars.

It was just a year ago today (March 11 fell on Sunday last year) that the tornado hit Newcastle. When the news reached here of the calamity, few people would believe that such a thing happened. Within a week Rush county citizens contributed \$2,387.25 for the relief of sufferers in the tornado.

139TH CONTAINS GOOD MARKSMEN

Hoosiers Give Promise of Copping The Crown as Most Accurate Shot at Range

152ND INF. HOLDS RECORD

Rush county boys, members of the 139th field artillery who are spending a month on the rifle range at Camp Shelby, have written enthusiastic letters to relatives here concerning the progress they are making on this—their second trip to the rifle range.

The Hoosiers are evidently keeping up their reputation of good marksmen and although the 152nd infantry holds the record at the range which they won during their month's stay there recently, the honors are in danger of being wrested from them by the Indiana aggregation in which more than a hundred Rush county boys are represented.

Last week the 139th completed the first table out of three which are gone through with in the shooting and the record is considered higher in percentage and in number qualified than the 152nd infantry. In fact, the Hoosiers stood higher at the end of the practice in the first table than any other regiment that has so far been on the range.

Rush county boys have been enjoying exceptionally good health and as result are keenly enjoying the work at the range. They are putting forth every energy in an attempt to capture the camp honors, before leaving the range.

The colored ladies sewed at the Red Cross headquarters Saturday afternoon and finished a number of hospital garments.

URGE SALOONS BE GIVEN DEATH BLOW

Anti-Saloon League Speakers Here Point Out That This is the Opportune Time

FILL FOUR PULPITS SUNDAY

Trace Briefly History of Prohibition Amendment to Federal Constitution

That now is the opportune time to deal the death blow to the saloons was the argument presented to the congregations of Rushville yesterday by speakers from the Anti-Saloon League. Following the talks by the prohibition speakers in the First Presbyterian, United Presbyterian, First Baptist and St. Paul's M. E. churches, voluntary funds were subscribed by members of the congregations for the continuance of the work, which amounted to several hundred dollars.

"We are now in the front line trench," stated the Rev. S. P. Leckliter at the St. Paul's M. E. church. "Our efforts in the immediate future will determine whether we go over the top this time for the cause of prohibition and wipe out the liquor evil forever or whether we are set back and have to start over again." The Rev. Mr. Leckliter gave a convincing talk on the duty of Americans toward supporting the Anti-Saloon League.

J. F. Martin, an attorney from Indianapolis, addressed the United Presbyterian congregation at the morning service and outlined the reasons why the church folks should unite their forces on the dry question. "The liquor element is thoroughly organized, and why should not every church unite and become just as well organized? As individuals and churches we support the cause of prohibition but our efforts will count for more if we go one step further and unite all of the churches that they may stand together on the question." The Anti-Saloon League is the agency by which the churches may unite on the cause, he cited.

Assurance that the saloons would be a thing of the past in the United States in a few years time was given by Dr. Perry Powell of Indianapolis who spoke at the First Baptist church at the morning service and at the First Presbyterian church in the evening. Dr. Powell traced briefly the history of the prohibition amendment to the constitution, named the states that had ratified it and those that would in the near future. In connection with this, he showed the telling results of the work done by the Anti-Saloon League in boosting the cause of the drys.

COUNTY PIONEER IS DEAD AT MORRISTOWN

Will A. Bodine, 83, Veteran of Civil War, Expires of Paralysis Shortly After Midnight

LIVED IN COUNTY 40 YEARS

Will A. Bodine, a pioneer of Rush county, died last night shortly after midnight at the home of Homer Havens in Morristown after an illness which had lasted more than two years. Paralysis which resulted in a complication of diseases was the cause of death.

The deceased who was a veteran of the civil war, was 83 years of age and was extremely well known throughout Rush county where he spent the first forty years of his life. For a number of years, however, before ill health compelled him to retire, he conducted a general store in Morristown. He was a cousin to Clint Bodine of this city.

2 SERVICE FLAGS ARE PRESENTED

Seventeen Boys of Posey Township in Service Are Honored at M. E. Church Service

RELATIVES PIN ON STARS

Ten Remembered With Special Program at the United Presbyterian Church Here

Seventeen stars were placed in the large service flag at the Methodist church in Arlington last night in remembrance of the boys of Posey township who have responded to the government's call for enlistments in the various branches of the service, and ten boys were honored when a service flag was presented at the United Presbyterian church here last night.

The Arlington service flag was unfurled before a huge American flag which is suspended from the ceiling in the front of the church and as the names of the boys to be represented in the flag were called, their nearest relative pinned the star in the white field of the flag, amidst the applause of the congregation.

A program in keeping with the affair was given under the direction of the pastor, the Rev. F. M. Westhafer and was composed of musical numbers and addresses. A. M. Martin of Indianapolis, representing the Anti-saloon League delivered an address after which E. B. Thomas of this city, district chairman of the Red Cross, placed before the people of that township, the enormous amount of work to be done during the present year by that body, urging the co-operation of the Posey township residents.

Stars for the following boys, representing the infantry, aviation, artillery, navy and marine corps, placed in the flag: Henry Ball, Robert Metcher, Virgil Hurst, Ross Hutchinson, Rex Long, Earl Henby, Guy Long, Owen Long, Bert Simmerman, William McDaniel, John Willis, Chester Northam, Joseph Irvine, Leslie Berg, Carl McDaniel, Samuel Gardner and Leland Gardner.

An impressive patriotic service was conducted at the United Presbyterian church when the service flag bearing 10 stars was presented by T. M. Green in behalf of three classes of the Sunday school and was accepted by the pastor, the Rev. John T. Aikin. Tribute to the young men from the church who have joined the colors was paid by both the speakers who made excellent short talks.

After the flag was presented, Miss Lucile Roth read William Herrell's, "The Service Flag," and Mrs. Inez Craig sang, "America the Beautiful." There was a large attendance at the meeting. The classes who gave the flag to the school and was accepted by the pastor, the Rev. John T. Aikin. Tribute to the young men from the church who have joined the colors was paid by both the speakers who made excellent short talks.

Knights of Columbus at Meeting Here Choose Connerville

PICK PLACE FOR INITIATION

Knights of Columbus at Meeting Here Choose Connerville

The next initiation of the Knights of Columbus will be held in Connerville, according to the decision made at the joint committee meeting held here yesterday of representatives of the order from Batesville, Connerville, Brookville and this city. The date was set as April 7. Other matters of importance to the order were brought up at the committee meeting which was attended by two members of each branch.

The initiation will continue through the day and be followed by a dinner at night. The delegation here yesterday, was entertained last evening by the local members at the Cozy Cafe.

CARRIES WORD TO FIGHTERS

Baker in France to Tell Troops Nation is Backing Them

(By United Press) Washington, March 11.—Secretary of War Baker—now in France—is carrying word to the American fighters that the nation is backing them heartily and that the war department is doing a vast task to support them.

He will have personal talks with officers and men and try to impress them with the thought that the work behind the lines is going on as earnestly as the work in the front lines. Paris dispatches say he has just arrived in France.

THOMAS MINER, 82 EXPIRES SUDDENLY

Retired Farmer of Carthage Dies Sunday While Sitting Talking to a Neighbor

NINE CHILDREN SURVIVE

Thomas Miner, 82, died suddenly at his home in Carthage yesterday of heart disease. He was sitting in a chair talking with a neighbor when he was seized by the attack and died in a few minutes. Mr. Miner was a retired farmer and had spent most of his life in Carthage. He would have been 83 years old in April.

He is survived by nine children as follows: Mrs. Fanny Marrow of Maple Valley, Ind., Willard and Ed Miner and Mrs. Frank Reddick of Carthage, Noble Miner of northwest of Knightstown, Harvey Miner of Arlington, Mrs. Charles Parrish of near Carthage, Mrs. Oma Bowman of Knightstown and John Miner of west of Knightstown. A sister, Mrs. Nancy Rutherford of this city, also survives.

The funeral will be held at the Carthage M. E. church tomorrow morning at ten o'clock with burial at Glencove cemetery, Knightstown.

GERMANS CO-OPERATE WITH THE BOLSHEVIKI

Official Announcement Gives New Turn to Problem of Japanese Intervention in East

SUSTAINS JAP POSITION

Washington, March 11.—Official reports of German co-operation with certain Bolshevik elements in Siberia gave a new turn today to the problem of Japanese intervention in Asiatic Russia.

On heels of detailed information showing Lenin, the Bolshevik prime minister working with the Germans against the interest of the allies, the war department made the following statement:

"In Siberia, it is reported that ex-German war prisoners are drilling in the vicinity of Irkutsk and that through Siberia German and Austrian prisoners of war are being assisted by Russian elements."

This has been the claim of Japan in explaining her alarm at the growing menace in Siberia. The activity of the Bolshevik leaders to break proposed opposition to the German advance and center their agitation against the "militarism of the allies" (as Lenin's purpose has been expressed) has been known to this government some days. The war department statement is the first official announcement of the existing trouble.

Whether it means a change in the attitude of the United States toward the Japanese intervention in Siberia was not ascertained today.

Mrs. Will Rodabaugh who has been seriously ill, suffering with neuralgia, is improving.

WEATHER

Cloudy and warmer tonight and Tuesday.

AMERICANS MAKE FIRST RAID ALONE

Yankees Go Over Top After 45 Minutes of Artillery, Only to Find Trenches Empty

THE BOCHE HAD WITHDRAWN

Enemy Trenches Destroyed as Far Back as Third Line—Men All Cool When Signal Came

Four Deaths in Action

(By United Press) Washington, March 11.—Four deaths in action four from wounds and 10 from natural causes among the Americans were reported by the war department today.

French Aid Yankees

French Armies in the Field, March 11.—Franco-American forces in the Lorraine region executed the first American destructive raid Saturday east of Rezon. Fifty Ohio troops and French sappers, after heavy artillery preparation charged 60 yards through No-Man's land, capturing all objectives.

Destroy German Trenches

American Army in France, March 11.—American and French soldiers operating together conducted successful raids on widely separated sectors, demolishing German trenches to the width of 100 meters and depth of 300 meters.

American artillery aided in the raid, completely demolishing one section of enemy trenches. Seven German prisoners were taken.

American Army in France, March 11.—Troops holding the American sector north of Toul made a successful raid against the Germans this morning. This was the first exclusively American raid.

The American raid went over the top after 45 minutes of artillery. They penetrated the trenches and buried returned successfully. There were no prisoners as the trenches and dugouts were demolished and the Boche had withdrawn. The bombardment in preparation for the raids started at one o'clock Saturday afternoon. The companies assigned to the raids took their places at 4:45. All were cool and anxious to go.

At five o'clock the captain stepped up in line with his men. The men took a last look at their rifles and stamped their feet to get a firm footing on the steps. The captain took a whistle and at 5:05 the "zero hour," he blew it.

The company vaulted the parapet as one man. No orders were needed. With their barrage ahead the men started their march to the German line with a steady, even, stride. There was no running. The men marched as if on parade.

German airplanes swooped down to harass their advance but were driven off by the American barrage. Trenches were found destroyed by the artillery as far back as the third line. The Americans gave a thorough search for military documents and other information.

From the American trenches a white rocket appeared, the signal for return. The German barrage had now started and it was every man for himself.

They dashed back to their trenches, their clothes torn to tatters by barbed wire. It was just 45 minutes since the whistle had sounded, sending them over the top.

FOOD POSTERS DISPLAYED

Food administration posters received by the County Council of Defense are being distributed to every merchant in the county by Hugh Maury, merchant representative of the council. The posters present in a very forceful manner the need of food conservation and are a part of the nation-wide advertising campaign conducted by the Council of Defense.

WOMEN'S WOES
Rushville Women Are Finding Relief
at Last

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Keeping the kidneys well has spared thousands of women much misery. Read of a remedy for kidneys only that is endorsed by people you know.

Mrs. Lizzie Borem, 840 W. 9th St., Rushville, says: "About six years ago I began to have trouble with my kidneys. What bothered me the worst was my kidneys acting irregularly and they showed in a number of ways they were badly disordered. Doctors said I had gravel. I heard how someone else had been cured by Doan's Kidney Pills so I got a box at Wolcott's Drug Store. They helped me at once, and after I had taken four boxes, the pain had left and I felt ever so much better."

[Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Borem had. Foster-Milburn Cr., Mfrs., Buffalo, N. Y.—(Adv.)

ORA JUDGE

CHOOF IS ARRESTED AS A GERMAN SPY

Continued From Page 1

as far as can be learned, was without fault and as he was arrested merely on suspicion there is a chance for the authorities finding they were in error. It was once reported here he had been arrested in Terre Haute as a spy, but this proved incorrect.

MRS. ROBERT JOHNSON DIES

Mrs. Sallie Johnson, colored, died at her home in East Seventh street on Saturday evening following a prolonged illness from tuberculosis. Mrs. Johnson was the wife of Robert Johnson and was 51 years of age. The funeral services were conducted at the Second Baptist church this afternoon and burial was made in East Hill cemetery.

C. B. THRASHER DIES

C. B. Thrasher died at the county poor farm this morning following a prolonged illness from dropsy. Mr. Thrasher was 77 years of age and until the last two years had lived near Falmouth, where he was born. Burial will be made in the Fairview cemetery. The funeral arrangements have not been completed.

ALLIES SUPERIOR IN WEST

London, March 11.—The German now have a superiority of 16 divisions on the west front, General Maurice, director of military affairs, declares. The enemy, however, is still numerically inferior although this inferiority is steadily decreasing. The allied divisions contain more men than the German divisions.

Scientific Notes.

A motor coal wagon has been patented that loads its contents into baskets and lifts them to a height convenient for men to carry.

France is again studying from a technical standpoint the possibility of making Paris a seaport by deepening the Seine or building a canal.

The production of hemp in China, the original home of the plant, is greater than that of any other country except Russia in normal times.

To teach a golf player to make strokes correctly a machine has been invented to hold his hand in the right position and guide his body.

Pressed down only part way, a Virginia inventor's automobile pedal throws out the clutch; pressed down all the way, it applies the brakes.

Pride of Durham.

A Durham (N. C.) enthusiast telegraphed to United States marine corps headquarters:

"Terrier belonging to United States marine kills huge rooster after battle royal in main thoroughfare. Indignant chicken fanciers witness affair and demand dog pay death penalty. Then they learn ill-fated rooster's name was 'Kaiser.' Result: Dog is now pride of Durham."

The victim of the tar-and-feather party couldn't realize what was going to happen to him.

"What are you going to do with me?" he asked, chattering with fear and the cold.

"We're going to camouflage you," answered the man with the feather bag. "In other words, we're going to make you look like a rooster, so you can do some more crowing for the kaiser."

F. B. Johnson.

NOTICE TO NON-RESIDENTS

The State of Indiana, Rush County, In the Rush Circuit Court February Term, 1918.

Laura Ivins Riley et al. vs. David Ivins et al. Complaint No. 1231.

Now comes the plaintiffs, by Douglas Morris, their attorney, and files their amended complaint herein, together with an affidavit of Douglas Morris that defendants, Ernest Kirk Frazier, Cora May Julian, Nannie Belle Frazier, Edward Ivins, William H. Ivins, Unknown Heirs of John Ivins, deceased, Unknown nephews of John Ivins, deceased, Unknown nieces of John Ivins, deceased, are not residents of the State of Indiana; that said action is to establish the lost will of John Ivins, deceased, and that said non-resident defendants are necessary parties thereto.

Notice is therefore hereby given said defendants last named, that unless they

be and appear on the 20th day of April, 1918, at the Court House in

Rushville in said County and State,

and answer or demur to said complaint, the same will be heard and determined in their absence.

A FIGHT FOR LIFE

It has been fight or die for many of us in the past and the lucky people are those who are now well because they heeded nature's warning signal in time to correct their trouble with that wonderful new discovery of Dr. Pierce's, called "An-u-ric." You should promptly heed these warnings, some of which are dizzy spells, backache, irregularities of the urine or the painful twinges of rheumatism, sciatica or lumbago. To delay may make possible the dangerous forms of kidney disease, such as stone in the bladder.

To overcome these distressing conditions take plenty of exercise in the open air, avoid a heavy meat diet, drink freely of water, and at each meal take Doctor Pierce's Anuric Tablets (double strength). You will, in a short time, find that you are one of the firm endorsers of Anuric.

BUTLER, IND.—"I was troubled with weak kidneys. I bought one package of Dr. Pierce's Anuric Tablets and gladly recommend them, as they have completely cured me." — MRS. MARY L. ELLIS, Ash St.,

ELKHART, IND.—"As a kidney medicine I find Anuric to be the finest I have ever known. I am 84 years old and for years have suffered with backache, and my bladder caused me to have many a restless night. I have also suffered with rheumatism in my limbs. I have taken other kidney remedies but must say that Anuric is the best one of them all. My back has ceased to ache, the rheumatism has disappeared, and I am able to rest at night." — MRS. INDIANA HUNT, 727 W. Franklin St.

Ask the druggist for Anuric (60c), or send Dr. V. M. Pierce, Buffalo, N. Y., 10c for trial package.

Bar The German Language

The Des Moines (Ia.) Capital very sensibly suggests that the United States prohibit the printing of newspapers, books and pamphlets in the German language.

The suggestion is worthy of adoption. And in this connection we would urge the barring of the German language from our schools.

There is absolutely no reason why the children of loyal American parents should be saturated, during the most impressionable period of their lives, with the literature of a nation whose ideas and ideals are so greatly at variance with those of this country as are those of Germany.

There can be no doubt that the dissemination of the German language in this country tends to create a certain sympathy for the people who speak that language. It is impossible to acquire a working knowledge of any language without developing sympathy for its people.

Just at this time, sympathy for Germany is a misfit in the breast of

any American. True there are many German-Americans among us, but the time has come when these must be either flesh or fowl—Americans or Germans. The hyphenated nationality must cease. In plain words, this country has no longer any room for the person of divided allegiance. The German-American must go, and in his place must be either the American or German.

It may sound harsh to say that our citizens of foreign birth must forsake and forget the land of their birth, but if we are to be a nation, and not a polyglot mixture of all races, this is precisely what they must do.

The paper quoted above concludes its article with the assertion that "there is not a loyal German language newspaper in America." The statement may be too strong; but be that as it may, the cultivation of the language affords, to say the least, a strong cover for disloyalty.

The German-American owes it to himself to become at once and forever American. When he feels he cannot do this, he should have the decency to take his person from a country to which he can not give his heart and his whole allegiance.

Like Mother Used to Make

America is a good cook, but an extravagant one. She is apt to throw away perfectly good food, she is apt to make a good loaf of bread or lemon pie on one Thursday and a poor one on the next Thursday. When the pie or bread is good she boasts that she never measures anything, when it is bad she boasts not, neither does she apologize; she accepts it as one accepts a rainy day—philosophically, just as Riley did.

But America should this day change her habits, boast less and measure more, and make nothing but good bread and good pie.

A good cook is what is known in the artistic and literary world as a good craftsman. And a good craftsman in any art means an intelligent worker who accomplished his aim most exactly with the least effort. An artist must know his proportions before he can correct errors and so, too, our housekeeper must know exactly what she is doing, else on one Thursday she may make good lemon pie and on the next day a poor lemon pie.

If you want to make potato bread rolls "like mother used to make," don't just put in some potato, some flour, a piece of this and that, but make them like mother used to make them.

The galley slaves of ancient Rome had a picnic as compared to the editor of today. Just think of having to fill a certain space each day or week with "bright, original pearls of thought." About the only advantage he has is that he has the privilege of registering a kick, and the other fellow hadn't. This is our kick.

If "Sin Fein" is pronounced anything like it reads, it's a misnomer. Seems to us its adherents have the genuine article, judging from their activities.

Russia is said to be a paradise for fakirs of all classes. The vendor of a patent hair restorer would starve there.

We don't blame the doctors for enlisting. Food conservation is about to cure all their pet cases.

VINOL CREATES STRENGTH

Positive—Convincing Proof

It is all very well to make claims, but can they be proven? We publish the formula of Vinol to prove the statements we make about it.

B Cod Liver and Beef Peptides, Iron and Ammonium Citrate, Lime and Soda Glyco-phosphate, Cascara.

Any doctor will tell you that the ingredients of Vinol as published above, combine the very elements needed to make strength.

All weak, run-down, overworked nervous men and women may prove this at our expense.

There is nothing like Vinol to restore strength and vitality to feeble old people, delicate children and all persons who need more strength.

Try it. If you are not entirely satisfied, we will return your money without question; that proves our fairness and your protection.

A Purposeful Formula

Senreco's formula is not "just a little of this and a little of that."

It was devised with a definite object in view.

The object was to produce a tooth paste possessing medicinal as well as cleansing properties—a real cleanser that could be depended upon to remove tartar and keep mouth and gums healthy.

The ideal defined, our laboratories set about to determine the proper combination to produce it. Senreco is the result. It has been tried, tested and pronounced good by hundreds of the profession. Try a tube. A single tube will prove every claim. Will show why thousands today use and demand Senreco—and are satisfied with nothing less. All druggists and toilet counters. Large 2 oz. tube—25c.

MANILLA SURPRISE OF TOURNAMENT

Although Sandusky Was Picked For Winner, She Turns Tables and is The Runner-up

LOSES TO RICHMOND 45 TO 12

Richmond finally won the district high school basketball tournament at Richmond by defeating Manilla 45 to 12 Saturday night. The Quakers had the edge on the Walker township boys from the beginning and the strain of the other hard games Saturday showed on the defeated team. Although Manilla did not win, she nevertheless has the distinction of being the runner-up, which is quite an honor, considering the closeness of the contests. Manilla put over the big surprise of the tourney when she defeated Connersville 41 to 11. Manilla was eliminated handily by Rushville in the invitational tournament here two weeks ago Saturday, but the locals barely defeated Connersville.

Manilla won her last game before the final, defeating Sandusky 23 to 16 Saturday afternoon and thus earning the right to meet Richmond who beat Fountain City Saturday afternoon 27 to 15, Fountain City having previously eliminated Liberty. Sandusky was picked as a winner over Manilla, but the fans were doomed for a great disappointment.

HINES HOGSETT IN FRANCE

Corporal Hines Hogsett, son of Mr. and Mrs. J. P. Hogsett of this city, has arrived in France safely, according to a cablegram received by his parents Saturday. He enlisted in the signal corps several months ago, training at Camp Funston, Kas., and Camp Merritt, New Jersey.

Harold Havens of Morristown was the guest of friends in this city yesterday.

"Tanlac Man" Talks Radium

Tells Why This New Treatment Is so Efficient in Rheumatic Cases

Rheumatism was believed to be incurable for many years before the discovery of radium. And even the discovery of radium has helped only a comparatively small number of the thousands of men and women who suffer from rheumatism because the radium treatment has been enormously expensive.

Now, however, anybody can try radium at home. The manufacturers of Tanlac, America's most famous tonic, have placed a product for rheumatism on the market and it contains radium.

Tanlac Rheumatism Treatment, under which name the new product is being introduced, is being explained to folks in the larger cities by the "Tanlac Man" the unique character who, more than three years ago, made the rounds of the larger towns explaining Tanlac.

The Tanlac man at Cincinnati said with regard to Tanlac Rheumatism Treatment:

"Rheumatism is apparently a mysterious disease. It comes and goes with no reason or regularity and sharp, shooting pains in the limbs and other parts of the body becomes more frequent until it is chronic. Then swelling sets in and often victims of rheumatism are so crippled by the pains they can hardly move about."

"As a matter of fact, however, rheumatism is a simple disease. It is generally accepted in medical circles that it is caused by an excess of uric acid in the blood. Uric acid is simply a natural poison. It travels about the circulatory system of the blood and is liable to settle in any one point. This causes rheumatism.

"To benefit cases of rheumatism it is necessary to treat the blood. If the blood is free of impurities there can be no rheumatism. Radium enriches and purifies the blood and in this way overcomes rheumatism. It is considered one of the most efficient curative agencies for rheumatism known to medical science."

Get Tanlac Rheumatism Treatment today and get rid of rheumatism. You can get Tanlac Rheumatism Treatment at any good drug store where you buy Tanlac, the famous tonic.—(Adv.)

INDIANA IS BEST ORGANIZED STATE

Hoosiers Set Pace For Entire Country in Matters of Production of Food

NINE FOOD DRIVES UNDER WAY

Completes Seed, Stock, and Labor Survey, Biggest Ever Undertaken by Any State

(By United Press.)

Lafayette, Ind., March 11.—Indiana is setting the pace for the country in the matter of increased production of food, G. I. Christie state food director, declared in an interview today.

Organizations stretching from the director's office at Purdue university to every county and township in the state are working to bring about the increase in food.

Nine distinct food drives are now under way in the state, Prof. Christie stated. Practically identical work is being done in every county under direction of county agents or special extension workers. Professor Christie said:

"The recently completed seed stocks and labor survey, the biggest single agricultural project ever undertaken by any state and perhaps the most successful, aroused the farmers of Indiana to the seriousness of the seed corn shortage. As a result of it, thousands of farmers who had no seed are getting their supplies, assuring the 1918 acreage. An intensive campaign is under way now to provide for the testing of every seed ear to insure a good stand and a good yield.

"Hatch chickens before the middle of April so they will begin laying next fall before cold weather or so they will be ready to eat early in the summer and thereby release more 'red meat' for shipment overseas, is the message poultry men are carrying into every county of the state in the poultry production campaign.

"Uncle Sam asked Indiana last fall to increase the pork production 20 per cent. Farmers kept this larger number of gilts and now a campaign is under way to save the pigs which are being farrowed this month, and really give the increase.

"If every Indiana farmer will treat his oats to prevent smut, the yield will be increased approximately \$7,000,000 bushels. Figuring this crop at 75 cents a bushel, farmers of the state will have \$5,225,000 to divide in addition to the usual sum.

"Practically 32,000 Indiana farms have silos and it is hoped to put up 10,000 more this year as a means for providing more and cheaper feed for livestock. The value of the silo was demonstrated clearly last fall when thousands of bushels of soft corn was saved as feed by being put in them.

"Last year 26,000 boys and girls were engaged in club work in Indiana. This year, these same youngsters will increase the scope of their work and it is hoped to have as many more enrolled this spring and summer to do their part in the work which their fathers and mothers have undertaken.

"Not a vacant lot or a backyard which is not producing for Uncle Sam is the aim of the garden workers and this campaign is extending to every town and city in the state. Food production is up to the city dweller as well as to the farmer who is bending every effort to meet the demand.

"To produce more wool and mutton and relieve the meat and fabric shortage, growing of sheep on more farms is urged. It was stated recently that ten head of sheep could be kept on every 100 acres in the state on forage feeds that now go to waste. This would double Indiana's mutton and wool production.

The government has asked that a county agent be placed in every county of every state to centralize all these forces for increased food production so that the work may be done more effectively. Two-thirds of the Indiana counties have answered the call.

"Thousands of missionaries are carrying home the gospel of production and conservation and the spirit of co-operation is what is bringing Indiana to the front.

If you have any butcher cattle call on H. A. Kramer. 3076

Unshaken Testimony! A Wonderful Cure for All Disabled Garments And Run Down Clothes--All Kinds

Not a Medicine Ad—A War Time Necessity

The 20th Century Cleaners and Pressers receive daily, praises for their excellent work. These praises are expressed by personal interviews and by correspondence. Only last week did they receive the following letter from a prominent business man north of here:

"I am shipping to you today via Express prepaid, three suits of half worn or more, clothing which I desire to have you clean up thoroughly and return to me so I can have them repaired for future use. Under ordinary conditions, I might not have used two of these suits, but at the present time I feel

that we should get all out of clothing we can get, so if you will kindly attend to this and render me an invoice I shall be glad to send you a check for the service."

Anyone possessing garments which are about to be discarded should really think twice, as they are in a position to make a new garment from the old, shabby and torn one. Master dry cleaners are now considered a war time necessity inasmuch as they help you co-operate in preserving cloth material.

Get your clothes to them soon as possible for the Easter season, which is not very far off. Don't wait too long as you may be disappointed. Send to them by parcel post or express; if you live in the city, call 1154 and they will call or them and deliver when done.—(Adv.)

THE HIGH - LOW SPREADER

It will do you good to inspect our HIGH-LOW RUSHVILLE SPECIAL manure spreader on our sample floor and it will do you MORE good to test it in the field.

This machine, built especially for us by The Litchfield Mfg. Co., produces a combination of easy loading low top-rail, with a good high under-clearance. It easily out-classes all competing machines in this combination.

We believe that fifteen years constant development work ought to produce SOMETHING GOOD along this line and we are able to prove that it does. Here is a spreader that will go through ditches and over rough ground with astonishingly light draft and more astonishing staying qualities. In this respect it is way beyond what other manufacturers have ever thought possible.

You will be surprised to see what a HIGH under-clearance this spreader has and still how LOW down and easy to load it really is. The spring seat in front swings down out of the way, and in the rear the tail-gate and everything else is low down and well out of the way for loading purposes. It is easy to load from any direction and in any sort of a place.

It could not be built as low as it is if it was not of extraordinary light draft.

C. H. TOMPKINS
RUSHVILLE, INDIANA.

PUBLIC SALE

I, the undersigned, will sell at Public Auction, one-half mile southwest of New Salem, 6½ miles southeast of Rushville, 9 miles northeast of Milroy, at the home of my father, George N. Spilman, on

DONATE HALF OF COUNTY'S QUOTA

Present and Former Members Christian Church Board Give to Men And Millions Fund

\$5,000 YET TO BE RAISED

Present Allotment is on "Emergency Fund" Which Has Been Added to Original Sum

Five thousand dollars toward the ten thousand dollar apportionment to the Christian churches of Rush county was raised in five minutes time yesterday afternoon at the Main Street Christian church in this city toward the Men and Millions movement of the church for which there has been a five year drive, which will end in June of this year.

To the six million, three hundred thousand dollars which five years ago church workers started out to raise for all benevolences of the church, an additional fund of over one million dollars has been added as an "emergency fund" because of increased prices and other conditions calling for the money. The entire fund, to be completed in June, will add to over seven million dollars.

Indiana's apportionment in the entire fund was two and one half million. In the emergency fund, the state's allotment is \$250,000 and of that amount Rush county Christian churches are to raise \$20,000. The remainder of the ten thousand dollars will be made up during the drive which will cover April 1 to April 7, when members of every Christian church in the county will be called upon to contribute. All of yesterday's fund of five thousand dollars was made up in \$500 subscriptions, given by ten men present. The meeting, at which the money was raised, was made up of all present and former members of the church board.

OBITUARY

Tis hard to break
The tender cord
Where love has bound the heart
Tis hard, so hard to speak the words we must forever part.
Yet again we hope to meet you
When the day of life is fled,
And in Heaven with joy to greet you
Where no farewell tears are shed.

"Easy Money" is the title of the new World-Picture Brady-Made this evening it will be shown at the Princess theatre. Ethel Clayton, who numbers her admirers by the tens of thousands, is the star in this production. She has a role of force and dramatic power in "Easy Money" and it is sufficient to say that all her friends will be thoroughly pleased with the part she portrays in this attraction. "Easy Money" is modern. It is replete with interesting, unusual situations and is notable for the superior excellence of its acting.

At the early age of 14 he made the good confession and became a member of the Plum Creek Christian church, of which church he was still a member.

He was possessed of a beautiful character and childlike spirit. He was admired by all for his great affection and devotion to his kinsmen and home and in return for his happy, joyous and kind life he was loved by all.

He had had the measles and a heavy cold and seemed to be recovering, but very suddenly complications arose and on the beautiful spring day of March 1st, when the birds sang and all spring nature was attended to God's divine plan, and his beautiful young life, his spirit fled to his Maker, whence it came.

"And after this I beheld, and, lo, a great multitude, which no man could number of all nations, and kindred and people and tongues, stood before the throne and the Lamb, clothed in white robe, and palms in their hands.

He is survived by his parents Mr. and Mrs. Alphonzo Nelson and sister Mrs. Minor Bell of Union township and brother Lloyd Nelson of Milroy, Ind.

There is no death.

What seems so is transition
This life of mortal breath
Is but the suburb of the Life Elysian
Whose portals we call Death.

REVIVAL WILL CLOSE FRIDAY

Meetings at Glenwood United Presbyterian Church Success

The two weeks series of special meetings being held in the United Presbyterian church at Glenwood are proving to be of unusual interest and are being very well attended. The meetings started last Monday evening and will be conducted with the Friday's evening meeting of this city. The Rev. J. T. Aiken of the United Presbyterian church of this city, the regular pastor there is being assisted by the Rev. S. R. Jamieson of Oxford, Ohio, brother of the Rev. A. W. Jamieson, former pastor of the local church, in conducting the meetings. Everyone is invited to attend the services.

BABY FALLS TWENTY FEET

Little Son of Mrs. Louise DeHority Miraculously Escapes Death

Charles Mauzy DeHority, little son of Lieut. and Mrs. George DeHority, formerly of Elwood, fell out of a two-story window a week ago last Saturday at Rockford, Ill., and miraculously escaped death or serious injury. Mrs. DeHority, who was formerly Miss Louise Mauzy of this city, is at Rockford while her husband is in training at Camp Grant. The little boy, who is not yet two years old, evidently intended to lean against the window, extended to the floor, but it was up and he tumbled headlong twenty feet to the ground.

Amusements

"The Queen of Spades," to be at the Gem this evening is a striking example of the manner in which skilled acting and the playing upon a single situation, a man's overwhelming passion for money, can carry the interest through from start to finish without once faltering. Much has been said regarding the ability of the Moscow Art Players appearing in these pictures and here in this they prove that the praise heaped upon them is far from undeserved. The picture is an adaptation of a work by Pushkin.

"Easy Money" is the title of the new World-Picture Brady-Made this evening it will be shown at the Princess theatre. Ethel Clayton, who numbers her admirers by the tens of thousands, is the star in this production. She has a role of force and dramatic power in "Easy Money" and it is sufficient to say that all her friends will be thoroughly pleased with the part she portrays in this attraction. "Easy Money" is modern. It is replete with interesting, unusual situations and is notable for the superior excellence of its acting.

Being from Rushville Helps Harold McClanahan

The name "Rushville" and the uniform of a Sammy have been responsible for a number of good times that Harold McClanahan has had in New York while he has been stationed at Fort Jay on Governor's Island with the Military Practice Band. While in a book store in New York not long ago, he heard the handsome man next to him say

"Send the book to Rushville, Illinois. Remember, it is not Indiana, enough of my mail has been sent there already." On hearing the name of his home town, Private Mc

Clanahan spoke to the gentleman and his remark started a conversation which ended by his being taken to the Waldorf Astoria for dinner and having Mr. Bagley's suite of rooms in that hotel thrown open to him.

It turned out that the man who was buying the book was not only a wealthy gentleman but a talented musician who gave recitals frequently, to which the local boy now has a standing invitation.

SUBMARINES ARE AHEAD

London, March 11.—The whole output of ships since the war has not been sufficient to replace the losses from submarines, John Ellerman stockholder in steamship lines, declared at the meeting of the chamber of shipping here.

"HALF RATIONS" NOT ASKED

Mr. Hoover is not asking us to go on half rations or even stint ourselves. All our government asks is that we eat more of such foods as are not needed for our soldiers and less of those that are. For the next three months we should eat more Potatoes. Use them instead of wheat and meat.

DELCO-LIGHT

Keeps the Boys and Girls Contented on the Farm—

INCREASES FARM EFFICIENCY

The present scarcity of farm helpers is due largely to the fact that most boys and girls have been leaving the farm at an early age.

Their attention has been directed to the city by the well-lighted, cheerful homes, and the many other desirable city conveniences.

This is a condition which must be corrected, and DELCO-LIGHT will help to do it by bringing to the farm home all of the modern benefits.

DELCO LIGHT makes it worth while for the boys and girls to stay on the farm—Increases Farm Efficiency.

SCHOOF ARRESTED AS A GERMAN SPY

Man Who Posed as Member of Canadian Mounted Police and Lectured Here Detained

SOUTH BEND INVESTIGATES

He Aroused Some Suspicion Here, But Was Permitted to Speak at Schools and Church

Gustav Schoof who posing as a member of the Canadian mounted police, lectured before the public schools of the city and at the Methodist church several weeks ago, has been arrested in South Bend as a German spy. What will come of the charges, however, is a matter of doubt.

In view of his recent appearance in this city and the completeness of the deception which—if he was a spy—he practiced on the city makes his arrest of vital interest to the host of people who heard his lectures. Previous to his appearance in this city he appeared in Connersville and in Richmond where his lectures proved exceedingly interesting to large audiences.

At the time of his appearance here, many local citizens looked upon him with doubt but after the investigation of the defense council, he was permitted to proceed with his addresses, the proceeds of which according to his assertions were to be given to a "chocolate fund" for the soldiers.

Gustav Schoof, wearing part of the uniform of the Canadian-mounted police, presented a remarkable figure on local platforms—tall, bon-like and looking quite the part of the soldier of fortune which he undoubtedly was.

He claimed to be a born German but reared in the United States, and later after being denounced by the German government because he refused to serve in the army of the kaiser, joined the British army. He had gone through an African campaign against the Matsabla natives and when the world war broke out had gone to Mexico as a soldier of fortune, where he had served under Madero. He undoubtedly is an expert swordsman and has a striking collection of South-African relics which he displayed during his lectures.

In all of his lectures, he rather avoided speaking of the Germans or of the Americans; in fact, most of his lecture was given over to the African campaigns. He spoke of the hard military drilling which is given the German soldiers and in another time during his lecture discouraged the sending of tobacco to the American soldier without giving a good reason for doing so.

His conduct while in Rushville,

The
Food Administraion
Says:

The reason that you are asked to eat corn and let the wheat be shipped to Europe, is that our Allies have few corn mills and are accustomed to the use of corn and the preparation of corn bread. It is not practical to ship large quantities of corn meal because it spoils in transit.

Furthermore, our Allies have very few flour mills; they buy most of their bread at the bakeries and corn bread is not good stone bread. We can't supply them with flour, so we will not support them unless we can get them to eat corn.

The colored ladies seated at the Red Cross headquarters Saturday afternoon and Sunday morning of hospital garments.

WANT NO MORE MECHANICS

Army Board Gets Word That State Quota is Filled

The county army selection board received a telegram this morning saying the state's quota of motor mechanics was filled and that no more should be inducted into the service except those who had already been reported. Chester Northam of Arlington was the only one from this county, he having left Friday for Kelly Field, San Antonio. Wilmer S. Hall, who registered here, has been held for service at Missoula, Mont., according to word received by the board.

WIND BRINGS MEMORY NEWCASTLE TORNADO

High Gale of Saturday Night Does No Serious Damage in County
—Cyclone Year Ago

COUNTY CONTRIBUTED FUND

The cyclonic wind of Saturday brought back memories of weather here preceding the Newcastle tornado of one year ago today when nineteen persons were killed and millions of dollars worth of damage done. The wind blew a gale here all Saturday night, but no damage of any consequence was done so far as could be learned today.

Rush county probably was feeling the effects of the tornado in Van Wert, Ohio, just east of Ft. Wayne, which cost the life of at least two persons and caused a loss close to a million dollars. It was just a year ago today (March 11) fell on Sunday last year) that the tornado hit Newcastle. When the news reached here of the calamity, few people would believe just such a thing happened. Within a week Rush county citizens contributed \$2,387.25 for the relief of sufferers in the tornado.

139TH CONTAINS GOOD MARKSMEN

Hoosiers Give Promise of Capping The Crown as Most Accurate Shot at Range

152ND INF. HOLDS RECORD

Rush county boys, members of the 139th field artillery who are spending a month on the rifle range at Camp Shelby, have written enthusiastic letters to relatives here concerning the progress they are making on this—their second trip to the rifle range.

The Hoosiers are evidently keeping up their reputation of good marksmen and although the 152nd infantry holds the record at the range which they won during their month's stay there recently, the honors are in danger of being wrested from them by the Indiana aggregation in which more than a hundred Rush county boys are represented.

Last week the 139th completed the first table out of three which are gone through with in the shooting and the record is considered higher in percentage and in number qualified than the 152nd infantry. In fact, the Hoosiers stood higher at the end of the practice in the first table than any other regiment that has so far been on the range.

Rush county boys have been enjoying exceptionally good health and as a result are keenly enjoying the work at the range. They are putting forth every energy in an attempt to capture the camp honors before leaving the range.

The colored ladies seated at the Red Cross headquarters Saturday afternoon and Sunday morning of hospital garments.

URGE SALOONS BE GIVEN DEATH BLOW

Anti-Saloon League Speakers Here Point Out That This is the Opportune Time

FILL FOUR PULPITS SUNDAY

Trace Briefly History of Prohibition Amendment to Federal Constitution

That now is the opportune time to deal the death blow to the saloons was the argument presented to the congregations of Rushville yesterday by speakers from the Anti-Saloon League. Following the talk by the prohibition speakers in the First Presbyterian, United Presbyterian, First Baptist and St. Paul's M. E. churches, voluntary funds were subscribed by members of the congregations for the continuance of the work, which amounted to several hundred dollars.

"We are now in the front line trench," stated the Rev. S. P. Leckliter at the St. Paul's M. E. church. "Our efforts in the immediate future will determine whether we go over the top this time for the cause of prohibition and wipe out the liquor evil forever or whether we are set back and have to start over again." The Rev. Mr. Leckliter gave a convincing talk on the duty of Americans toward supporting the Anti-Saloon League.

J. F. Martin, an attorney from Indianapolis, addressed the United Presbyterian congregation at the morning service and outlined the reasons why the church folks should unite their forces on the dry question. "The liquor element is thoroughly organized, and why should not every church unite and become just as well organized? As individuals and churches we support the cause of prohibition but our efforts will count for more if we go one step further and unite all of the churches that they may stand together on the question." The Anti-Saloon League is the agency by which the churches may unite on the cause, he cited.

"Assurance that the saloons would be a thing of the past in the United States in a few years time was given by Dr. Perry Powell of Indianapolis who spoke at the First Baptist church at the morning service and at the First Presbyterian church in the evening. Dr. Powell traced briefly the history of the prohibition amendment to the constitution, named the states that had ratified it and those that would in the near future. In connection with this, he showed the telling results of the work done by the Anti-Saloon League in boosting the cause of the drys.

After the flag was presented, Miss Lucile Roth read William Herschell's, "The Service Flag," and Mrs. Inez Craig sang, "America the Beautiful." There was a large attendance at the meeting. The classes who gave the flag to the school are those taught by Miss Anna Waite, Mrs. Robert Innis, and Bert L. Tracy.

COUNTY PIONEER IS DEAD AT MORRISTOWN

Will A. Bodine, 83, Veteran of Civil War, Expires of Paralysis Shortly After Midnight

LIVED IN COUNTY 40 YEARS

Will A. Bodine, a pioneer of Rush county, died last night shortly after midnight at the home of Homer Havens in Morristown after an illness which had lasted more than two years. Paralysis which resulted in a complication of diseases was the cause of death.

The deceased who was a veteran of the civil war was 83 years of age and was extremely well known throughout Rush county where he spent the first forty years of his life. For a number of years, however, before ill health compelled him to retire, he conducted a general store in Morristown. He was a son-in-law of Jim Bodine of Connersville.

2 SERVICE FLAGS ARE PRESENTED

Seventeen Boys of Posey Township in Service Are Honored at M. E. Church Service

RELATIVES PIN ON STARS

Ten Remembered With Special Program at the United Presbyterian Church Here

Seventeen stars were placed in the large service flag at the Methodist church in Arlington last night in remembrance of the boys of Posey township who have responded to the government's call for enlistments in the various branches of the service. First Presbyterian, United Presbyterian, First Baptist and St. Paul's M. E. churches, voluntary funds were subscribed by members of the congregations for the continuance of the work, which amounted to several hundred dollars.

The Arlington service flag was unfurled before a huge American flag which is suspended from the ceiling in the front of the church and as the names of the boys to be represented in the flag were called, their nearest relative pinned the star in the white field of the flag, amidst the applause of the congregation.

A program in keeping with the affair was given under the direction of the pastor, the Rev. F. M. Westhafer and was composed of musical numbers and addresses. A. M. Martin of Indianapolis, representing the Anti-saloon League delivered an address after which E. B. Thomas of this city, district chairman of the Red Cross, placed before the people of that township, the enormous amount of work to be done during the present year by that body, urging the co-operation of the Posey township residents.

Stars for the following boys, representing the infantry, aviation, artillery, navy and marine corps, placed in the flag: Henry Ball, Robert Metcher, Virgil Hurst, Ross Hutchinson, Rex Long, Earl Henby, Guy Long, Owen Long, Bert Zimmerman, William McDaniel, John Willis, Chester Northam, Joseph Irvine, Leslie Berg, Carl McDaniel, Samuel Gardner and Leland Gardner.

An impressive patriotic service was conducted at the United Presbyterian church when the service flag bearing 10 stars was presented by T. M. Green in behalf of three classes of the Sunday school and was accepted by the pastor, the Rev. John T. Akin. Tribute to the young men from the church who have joined the colors was paid by both the speakers who made excellent short talks.

After the flag was presented, Miss Lucile Roth read William Herschell's, "The Service Flag," and Mrs. Inez Craig sang, "America the Beautiful." There was a large attendance at the meeting. The classes who gave the flag to the school are those taught by Miss Anna Waite, Mrs. Robert Innis, and Bert L. Tracy.

PICK PLACE FOR INITIATION

Knights of Columbus at Meeting Here Choose Connersville

The next initiation of the Knights of Columbus will be held in Connersville, according to the decision made at the joint committee meeting held here yesterday of representatives of the order from Batesville, Connersville, Brookville and this city. The date was set as April 7. Other matters of importance to the order were brought up at the committee meeting which was attended by two members of each branch throughout Rush county where he spent the first forty years of his life. For a number of years, however, before ill health compelled him to retire, he conducted a general store in Morristown. He was a son-in-law of Jim Bodine of Connersville.

Whether it means a change in the attitude of the United States toward the Japanese intervention in Siberia was not ascertained today.

CARRIES WORD TO FIGHTERS

Baker in France to Tell Troops Nation is Backing Them

(By United Press)

Washington, March 11.—Secretary of War Baker—now in France—is carrying word to the American fighters that the nation is backing them heartily and that the war department is doing a vast task to support them.

He will have personal talks with officers and men and try to impress them with the thought that the work behind the lines is going on as earnestly as the work in the front lines. Paris dispatches say he has just arrived in France.

THOMAS MINER, 82, EXPIRES SUDDENLY

Retired Farmer of Carthage Dies Sunday While Sitting Talking to a Neighbor

NINE CHILDREN SURVIVE

Thomas Miner, 82, died suddenly at his home in Carthage yesterday of heart disease. He was sitting in a chair talking with a neighbor when he was seized by the attack and died in a few minutes. Mr. Miner was a retired farmer and had spent most of his life in Carthage. He would have been 83 years old in April.

He is survived by nine children as follows: Mrs. Fanny Marrow of Maple Valley, Ind.; Willard and Ed Miner and Mrs. Frank Reddick of Carthage; Noble Miner of northwest of Knightstown; Harvey Miner of Arlington; Mrs. Charles Parrish of near Carthage; Mrs. Oma Bowman of Knightstown and John Miner of west of Knightstown. A sister, Mrs. Nancy Rutherford of this city, also survives.

The funeral will be held at the Carthage M. E. church tomorrow morning at ten o'clock with burial at Glencove cemetery, Knightstown.

GERMANS CO-OPERATE WITH THE BOLSHEVIKI

Official Announcement Gives New Turn to Problem of Japanese Intervention in East

SUSTAINS JAP POSITION

Washington, March 11.—Official reports of German co-operation with certain Bolshevik elements in Siberia give a new turn today to the problem of Japanese intervention in Asiatic Russia.

On heels of detailed information showing Lenin, the Bolshevik prime minister working with the Germans against the interest of the allies, the war department made the following statement:

"In Siberia, it is reported that ex-German war prisoners are drilling in the vicinity of Irkutsk and that through Siberia German and Austrian prisoners of war are being assisted by Russian elements."

This has been the claim of Japan in explaining her alarm at the growing menace in Siberia. The activity of the Bolshevik leaders to break proposed opposition to the German advance and center their agitation against the militarism of the allies (as Lenin's purpose has been expressed) has been known to this government some days. The war department statement is the first official announcement of the existing trouble.

They dashed back to their trenches, their clothes torn by tatters by barbed wire. It was just 15 minutes since the whistle had sounded sending them out to fight.

They dashed back to their trenches, their clothes torn by tatters by barbed wire. It was just 15 minutes since the whistle had sounded sending them out to fight.

Whether it means a change in the attitude of the United States toward the Japanese intervention in Siberia was not ascertained today.

AMERICANS MAKE FIRST RAID ALONE

Yankees Go Over Top After 45 Minutes of Artillery, Only to Find Trenches Empty

THE BOCHE HAD WITHDRAWN

Enemy Trenches Destroyed as Far Back as Third Line—Men All Cool When Signal Came

Four Deaths in Action

(By United Press)

Washington, March 11.—Four deaths in action four from wounds and 10 from natural causes among the Americans were reported by the war department today.

French Aid Yankees

French Armies in the Field, March 11.—Franco-American forces in the Lorraine region executed the first American destructive raid Saturday east of Rezon. Fifty Ohio troops and French sappers, after heavy artillery preparation charged 60 yards through No-Man's land, capturing all objectives.

Destroy German Trenches

American Army in France, March 11.—American and French soldiers operating together conducted successful raids on widely separated sectors, demolishing German trenches to the width of 100 meters and depth of 300 meters.

American artillery aided in the raid, completely demolishing one section of enemy trenches. Seven German prisoners were taken.

American Army in France, March 11.—Troops holding the American sector north of Toul made a successful raid against the Germans this morning. This was the first exclusively American raid.

The American raid went over the top after 45 minutes of artillery. They penetrated the trenches and returned successfully. There were no prisoners as the trenches and dugouts were demolished and the Boche had withdrawn.

The bombardment in preparation for the raids started at one o'clock Saturday afternoon. The companies assigned to the raids took their places at 4:45. All were cool and anxious to go.

At five o'clock the captain stepped up in line with his men. The men took a last look at their rifles and stamped their feet to get a firm footing on the steps. The captain took a whistle and at 5:05 the "zero hour" he blew it.

The company vaulted the parapet as one man. No orders were needed. With their barrage ahead the men started their march to the German line with a steady, even stride. There was no running. The men marched as if on parade.

German airplanes swooped down to harass their advance but were driven off by the American barrage.

Trenches were found destroyed by the artillery as far back as the third line. The Americans gave a thorough search for military documents and other information.

From the American trenches a white rocket appeared, the signal for return. The German barrage had now started and it was everything for himself.

WOMEN'S WOES
Rushville Women Are Finding Relief
at Last

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up" must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Keeping the kidneys well has spared thousands of women much misery. Read of a remedy for kidneys only that is endorsed by people you know.

Mrs. Lizzie Borem, 840 W. 9th St., Rushville, says: "About six years ago I began to have trouble with my kidneys. What bothered me the worst was my kidneys acting irregularly and they showed in number of ways they were badly disordered. Doctors said I had gravel. I heard how someone else had been cured by Doan's Kidney Pills so I got a box at Wolcott's Drug Store. They helped me at once, and after I had taken four boxes, the pain had left and I felt ever so much better." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Borem had. Foster-Milburn Cr., Mfrs., Buffalo, N. Y.—(Adv.)

Never Put a Croupy

Child to Bed Without Giving a Dose of

Foley's Honey and Tar

Mothers know it stops croup because it cuts the thick choking mucus, clears the throat of phlegm, stops the hoarse metallic cough, eases the difficult breathing, then quiet sleep.

Mrs. T. Neurzer, Eau Claire, Wis., writes: "Foley's Honey and Tar completely cured my boy of a very severe attack of croup. We know from experience that it is a wonderful remedy for coughs, colds, croup, whooping cough."

F. B. Johnson.

Pride of Durham.

A Durham (N. C.) enthusiast telegraphed to United States marine corps headquarters:

"Terrier belonging to United States marine kills huge rooster after battle royal in main thoroughfare. Indignant chicken fanciers witness affair and demand dog pay death penalty. Then they learn ill-fated rooster's name was Kaiser. Result: Dog is now pride of Durham."

The victim of the tar-and-feather party couldn't realize what was going to happen to him.

"What are you going to do with me?" he asked, chattering with fear and the cold.

"We're going to camouflage you," answered the man with the feather bag.

"In other words, we're going to make you look like a rooster, so you can do some more crowing for the kaiser."

COOK IS ARRESTED AS A GERMAN SPY

Continued from Page 1
as far as can be learned, was without fault and as he was arrested merely on suspicion there is a chance for the authorities finding they were in error. It was once reported here he had been arrested in Terre Haute as a spy, but this proved incorrect.

MRS. ROBERT JOHNSON DIES

Mrs. Sallie Johnson, colored, died at her home in East Seventh street on Saturday evening following a prolonged illness from tuberculosis. Mrs. Johnson was the wife of Robert Johnson and was 51 years of age. The funeral services were conducted at the Second Baptist church this afternoon and burial was made in East Hill cemetery.

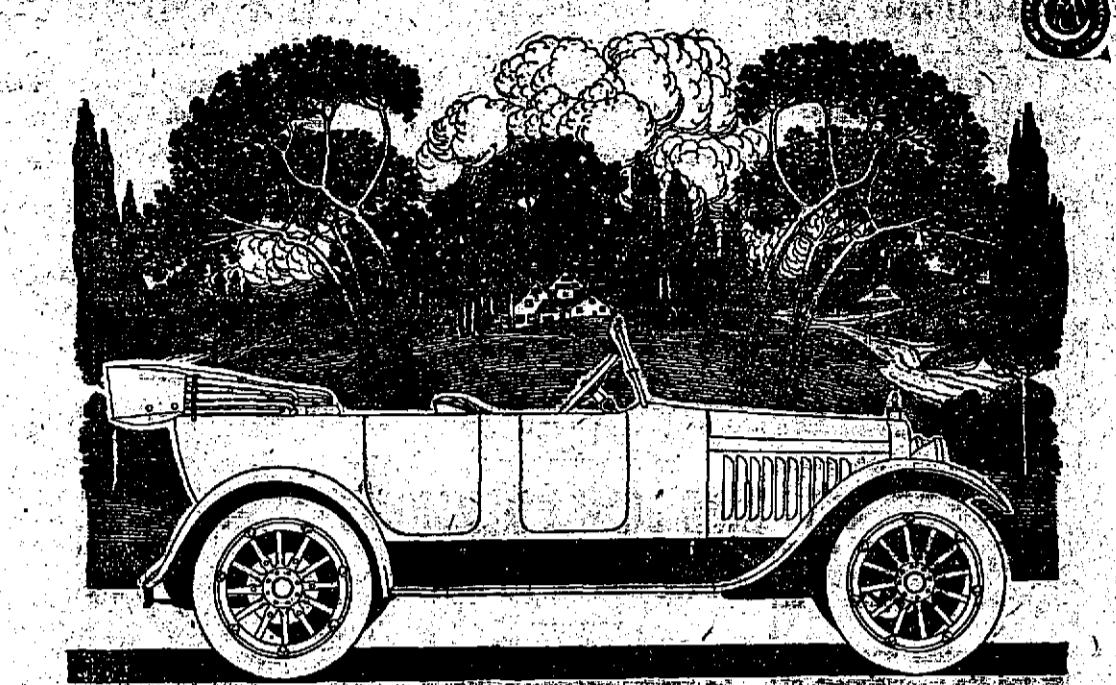

C. B. THRASHER DIES

C. B. Thrasher died at the county poor farm this morning following a prolonged illness from dropsy. Mr. Thrasher was 77 years of age and until the last two years had lived near Falmouth, where he was born. Burial will be made in the Fairview cemetery. The funeral arrangements have not been completed.

ALLIES SUPERIOR IN WEST

London, March 11.—The German now have a superiority of 16 divisions on the west front, General Maurice, director of military affairs, declares. The enemy, however, is still numerically inferior although this inferiority is steadily decreasing. The allied divisions contain more men than the German divisions.

An engine that runs with softness, due to the now noted "Hot-Spot" and "Ram's-Horn" Manifold—Chalmers features

In the days of yesterday, "roar" and "wallop" were the terms used to define an engine's power.

Today, it is the softness of power, the controllability of it that fascinates.

It is a new kind of power to many, brought to public attention through the famous "Hot-Spot" and "Ram's-Horn" Manifold of the Chalmers.

For here the gas is heated, and "cracked-up" at the throat of the carburetor by the "Hot-Spot" and then rushed quickly via the "Ram's-Horn" Manifold into the combustion chambers.

It is "toasted" so nicely, "pulverized" so fine, that the instant after sparking there is well-nigh no waste of gas.

Little of power comes out of the exhaust. All the power comes out of the rear wheels—and such pleasing, well-harnessed power, that your enthusiasm for driving reaches new peak.

A FIGHT FOR LIFE

It has been fight or die for many of us in the past and the lucky people are those who are now well because they heeded nature's warning signal in time to correct their trouble with that wonderful new discovery of Dr. Pierce's called "Anuric." You should promptly heed these warnings, some of which are dizzy spells, backache, irregularity of the urine or the painful twinges of rheumatism, sciatica or lumbago. To delay may make possible the dangerous forms of kidney disease, such as stone in the bladder.

To overcome these distressing conditions take plenty of exercise in the open air, avoid a heavy meat diet, drink freely of water, and at each meal take Doctor Pierce's Anuric Tablets (double strength). You will, in a short time, find that you are one of the firm indorsers of Anuric.

BUTLER, IND.—"I was troubled with weak kidneys. I bought one package of Dr. Pierce's Anuric Tablets and gladly recommend them, as they have completely cured me."—Mrs. MARY L. ELLIS, Ash St.,

ELEXHORN, IND.—"As a kidney medicine I find Anuric to be the finest I have ever known. I am 84 years old and for years have suffered with backache, and my bladder caused me to have many a restless night. I have also suffered with rheumatism in my limbs. I have taken other kidney remedies but must say that Anuric is the best one of them all. My back has ceased to ache, the rheumatism has disappeared, and I am able to rest at night."—Mrs. INAHNA HUNT, 727 W. Franklin St.

Ask the druggist for Anuric (80c), or send Dr. V. M. Pierce, Buffalo, N.Y., 10c for trial package.

Bar The German Language

The Des Moines (Ia.) Capital very sensibly suggests that the United States prohibit the printing of newspapers, books and pamphlets in the German language.

The suggestion is worthy of adoption. And in this connection we would urge the barring of the German language from our schools.

There is absolutely no reason why the children of loyal American parents should be saturated during the most impressionable period of their lives with the literature of a nation whose ideas and ideals are so greatly at variance with those of our country as are those of Germany.

There can be no doubt that the dissemination of the German language in this country tends to create a certain sympathy for the people who speak that language. It is difficult to acquire a working knowledge of any language without becoming familiar with its literature.

any American—true there are many German-Americans among us, but the time has come when these must be either flesh or fowl—Americans or Germans. The hyphenated nationality must cease. In plain words, this country has no longer any room for the person of divided allegiance. The German-American must go, and in his place must be either the American or German.

It may sound harsh to say that our citizens of foreign birth must forsake and forget the land of their birth, but if we are to be a nation, and not a polyglot mixture of all races, this is precisely what they must do.

The paper quoted above concludes its article with the assertion that "there is not a loyal German language newspaper in America." The statement may be too strong, but be that as it may, the cultivation of the language affords, to say the least, a strong cover for disloyalty.

The German-American owes it to himself to become at once and forever an American. When he feels he cannot do this, he should have the decency to take his person from a country to which he can not give his heart and his whole allegiance.

Like Mother Used to Make

America is a good cook, but an extravagant one. She is apt to throw away perfectly good food, she is apt to make a good loaf of bread or lemon pie on one Thursday and a poor one on the next Thursday. When the pie or bread is good she boasts that she never measures anything; when it is bad she boasts not, neither does she apologize; she accepts it as one accepts a rainy day—philosophically, just as Riley did. But America should this day change her habits, boast less, and measure more, and make nothing but good bread and good pie.

A good cook is what is known in the artistic and literary world as a good craftsman. And a good craftsman in any art means an intelligent worker who accomplished his aim most exactly with the least effort. An artist must know his proportions before he can correct errors and so, too, our housekeeper must know exactly what she is doing, else on one Thursday she may make good lemon pie and on the next day a poor lemon pie.

If you want to make potato bread rolls "like mother used to make," don't just put in some potato, some flour, a piece of this and that, but make them like mother used to make them.

The galley slaves of ancient Rome had a picnic as compared to the editor of today. Just think of having to fill a certain space each day or week with "bright, original pearls of thought." About the only advantage he has is that he has the privilege of registering a kick, and the other fellow hadn't. This is our kick.

If "Sin Fein" is pronounced anything like it reads, it's a misnomer. Seems to us its adherents have the genuine article, judging from their activities.

Russia is said to be a paradise for fakirs of all classes. The vendor of a patent hair restorer would starve there.

We don't blame the doctors for enlisting. Food conservation is about to cure all their pet cases.

VINOL CREATES STRENGTH
Positive—Convincing Proof.

"It is all very well to make claims, but can they be proven? We shall prove the strength of Vinol to those who make statements we make about it."

"Dried Liver and Beef Peptides, Iron and Zinc, Magnesium, Potassium, Lime and Soda Glycogen, Vitamins, Calcium, Phosphorus, etc."

"Any doctor will tell you that the introduction of Vinol in an emaciated body will bring it back to normal weight."

"All men, women, overworked mothers and women may prove the strength of Vinol."

"The Vinol Company offers to verify the strength of Vinol to any individual who sends a specimen of his blood."

"The Vinol Company offers to verify the strength of Vinol to any individual who sends a specimen of his blood."

A

Purposeful Formula

Senreco's formula is not "just a little of this and a little of that."

It was devised with a definite object in view.

The object was to produce a tooth paste possessing medicinal as well as cleansing properties—a real cleanser that could be depended upon to remove tartar and keep mouth and gums healthy.

The ideal defined, our laboratories set about to determine the proper combination to produce it. Senreco is the result. It has been tried, tested and pronounced good by hundreds of the profession. Try a tube. A single tube will prove every claim. Will show why thousands today use and demand Senreco—and are satisfied with nothing less. All druggists and toilet counters. Large 2 oz. tube—25c.

MANILLA SURPRISE OF TOURNAMENT

Although Sandusky Was Picked For Winner She Turns Tables and is The Runner-up

LOSES TO RICHMOND 45 TO 12

Richmond finally won the district high school basketball tournament at Richmond by defeating Manilla 45 to 12 Saturday night. The Quakers had the edge on the Walker township boys from the beginning and the strain of the other hard games Saturday showed on the defeated team. Although Manilla did not win, she nevertheless has the distinction of being the runner-up, which is quite an honor, considering the closeness of the contests. Manilla put over the big surprise of the tourney when she defeated Connersville 41 to 11. Manilla was eliminated handily by Rushville in the invitational tournament here two weeks ago Saturday, but the locals barely defeated Connersville.

Manilla won her last game before the final, defeating Sandusky 23 to 16 Saturday afternoon and thus earning the right to meet Richmond who beat Fountain City Saturday afternoon 27 to 15, Fountain City having previously eliminated Liberty. Sandusky was picked as a winner over Manilla, but the fans were doomed for a great disappointment.

HINES HOGSETT IN FRANCE

Corporal Hines Hogsett, son of Mr. and Mrs. J. P. Hogsett of this city, has arrived in France safely, according to a cablegram received by his parents Saturday. He enlisted in the signal corps several months ago, training at Camp Funston, Kas., and Camp Merritt, New Jersey.

Harold Havens of Morristown was the guest of friends in this city yesterday.

"Tanlac Man"
Talks Radium

Tells Why This New Treatment Is So Efficient in Rheumatic Cases

Rheumatism was believed to be incurable for many years before the discovery of radium. And even the discovery of radium has helped only a comparatively small number of the thousands of men and women who suffer from rheumatism because the radium treatment has been enormously expensive.

Now, however, anybody can try radium at home. The manufacturers of Tanlac, America's most famous tonic, have placed a product for rheumatism on the market and it contains radium.

Tanlac Rheumatism Treatment, under which name the new product is being introduced, is being explained to folks in the larger cities by the "Tanlac Man" the unique character who, more than three years ago, made the rounds of the larger towns explaining Tanlac.

The Tanlac man at Cincinnati said with regard to Tanlac Rheumatism Treatment:

"Rheumatism is apparently a mysterious disease. It comes and goes with no reason or regularity and sharp, shooting pains in the limbs and other parts of the body becomes more frequent until it is chronic. Then swelling sets in and often victims of rheumatism are so crippled by the pains they can hardly move about."

"As a matter of fact, however, rheumatism is a simple disease. It is generally accepted in medical circles that it is caused by an excess of uric acid in the blood. Uric acid is simply a natural poison. It travels about the circulatory system of the blood and is liable to settle in any one point. This causes rheumatism."

"To benefit cases of rheumatism it is necessary to treat the blood. If the blood is free of impurities there can be no rheumatism. Radium enriches and purifies the blood and in this way overcomes rheumatism. It is considered one of the most effective curative agencies for rheumatism known in medical science."

See Tanlac Rheumatism Treatment today and get rid of rheumatism. You can get Tanlac Rheumatism Treatment at any good drug store where you buy Tanlac Tonic.

INDIANA IS BEST ORGANIZED STATE

Hopiers Set Pace For Entire Country in Matters of Production of Food

NINE FOOD DRIVES UNDER WAY

Completes Seed, Stock, and Labor Survey, Biggest Ever Under-taken by Any State

(By United Press.)

Lafayette, Ind., March 11.—Indiana is setting the pace for the country in the matter of increased production of food, G. I. Christie state food director, declared in an interview today.

Organizations stretching from the director's office at Purdue university to every county and township in the state, are working to bring about the increase in food.

Nine distinct food drives are now under way in the state. Prof. Christie stated. Practically identical work is being done in every county under direction of county agents or special extension workers. Prof. Christie said:

"The recently completed seed stocks and labor survey, the biggest single agricultural project ever undertaken by any state and perhaps the most successful, aroused the farmers of Indiana to the seriousness of the seed corn shortage. As a result of it, thousands of farmers who had no seed are getting their supplies, assuring the 1918 acreage. An intensive campaign is under way now to provide for the testing of every seed ear to insure a good stand and a good yield."

"Hatch chickens before the middle of April so they will begin laying next fall before cold weather or so they will be ready to eat early in the summer and thereby release more red meat for shipment overseas, is the message poultry men are carrying into every county of the state in the poultry production campaign."

"Uncle Sam asked Indiana last fall to increase the pork production 20 per cent. Farmers kept this larger number of gilts, and now a campaign is under way to save the pigs which are being farrowed this month, and really give the increase asked."

"If every Indiana farmer will treat his oats to prevent smut, the yield will be increased approximately \$7,000,000 bushel. Figuring this crop at 75 cents a bushel, farmers of the state will have \$5,225,000 to divide in addition to the usual sum."

"Practically 32,000 Indiana farms have silos and it is hoped to put up 10,000 more this year as a means for providing more and cheaper feed for livestock. The value of the silo was demonstrated clearly last fall when thousands of bushels of soft corn was saved as feed by being put in them."

"Last year 26,000 boys and girls were engaged in club work in Indiana. This year, these same youngsters will increase the scope of their work and it is hoped to have as many more enrolled this spring and summer to do their part in the work which their fathers and mothers have undertaken."

"Not a vacant lot or a backyard which is not producing for Uncle Sam is the aim of the garden workers and this campaign is extending to every town and city in the state. Food production is up to the city dweller as well as to the farmer who is bending every effort to meet the demand."

"To produce more wool and mutton and relieve the meat and fabric shortage, growing of sheep on more farms is urged. It was stated recently that ten head of sheep could be kept on every 100 acres in the state on range feeds that now go to waste. This would double Indiana's mutton and wool production."

"The government has asked that a county agent be placed in every county of every state to centralize all these forces for increased food production so that the work may be done more effectively. Two-thirds of the Indiana counties have no county agent."

"Thousands of missionaries are carrying home the gospel of economy. The government is doing its best to see that no operation is undertaken bringing damage to agriculture."

Unshaken Testimony! A Wonderful Cure for All Disabled Garments And Run Down Clothes--All Kinds

Not a Medicine Ad—A War Time Necessity

The 20th Century Cleaners and Pressers receive daily, praises for their excellent work. These praises are expressed by personal interviews and by correspondence.

Only last week did they receive the following letter from a prominent business man north of here:

"I am shipping to you today via Express prepaid, three suits of half worn or more, clothing which I desire to have you clean up thoroughly and return to me so I can have them repaired for future use. Under ordinary conditions I might not have used two of these suits, but at the present time I feel

that we should get all out of clothing we can get, so if you will kindly attend to this and render me an invoice I shall be glad to send you a check for the service."

Anyone possessing garments which are about to be discarded should really think twice, as they are in a position to make a new garment from the old, shabby and torn one. Master dry cleaners are now considered a war time necessity inasmuch as they help you co-operate in preserving cloth material.

Get your clothes to them soon as possible for the Easter season, which is not very far off. Don't wait too long as you may be disappointed. Send to them by parcel post or express; if you live in the city, call 1154 and they will call or them and deliver when done. (Adv.)

Social Calendar

Tuesday

Tuesday Afternoon Card Club, with Miss Mary Amos at 520 North Perkins street in the afternoon.

Aid society of the Main Street Christian church in the church parlors in the afternoon.

Sorosis Club in the afternoon with Mrs. Joseph Walther at her home in Glenwood.

Psi Iota Xi sorority meeting in the evening at the home of Miss Nettie Clark, 503 North Sexton street.

Regular meeting of the Missionary society of the Sexton Christian church with Miss Hazel Porter in the afternoon.

Soldiers Mothers club in the afternoon with Mrs. H. C. Owen, 923 North Morgan street.

Methodist Aid society in the afternoon with Mrs. Frank Sparks, 804 North Main street.

The home of Mr. and Mrs. Ernest Linville west of the city was the scene of a pleasant evening party on Friday evening when they entertained with an informal dance after which they served a dainty luncheon. The guests included Mr. and Mrs. Thomas Miller, Mr. and Mrs. Raymond Fair, Mr. and Mrs. Bert Gibson, Mr. and Mrs. Fred Hann, Mr. and Mrs. Ora Cline, Mr. and Mrs. Cary Cross, Mr. and Mrs. Elmer Gilson, Mrs. Addie Newland, William Fair, the Misses Edna Gibson, Stella Gibson, Mildred Miller, Mary Carr, Della Cline and Reed Muhl, Floyd Cross, Marlin Gibson, Robert Fair, Thomas Fair, Luther Waggoner, Russell Cross and William Elliot of this county, Mr. and Mrs. Thomas Meeks, Mr. and Mrs. Virgil Henry, Mr. and Mrs. Elmer Spurgeon and children, Mr. and Mrs. Waldo Megee, and Mrs. Nancy of Clarksburg, and Miss Myrtle Newland of Indianapolis.

The culmination of Rushville's first war romance will be the wedding of Clyde Osborne, son of Mrs. Lillian Osborne, of this city, and Miss Louise Seesale, daughter of Mrs. M. G. Seesale, of Mulgrave, Nova Scotia, which is to be solemnized soon, although the date for the affair has not been set. Osborne enlisted in the navy more than a year ago and since that time has become an expert wireless operator. He is at present operator on the United States steamship Sonoma. The engagement was announced recently by the bride-elect's mother at an informal reception.

The regular semi-monthly meeting of the Ladies Aid society of the St. Paul's Methodist church will be held tomorrow afternoon at the home of Mrs. Frank Sparks in North Main street. All of the women who have been completing blocks for the quilt being made by the organization are asked to attend the meeting and bring their completed blocks in order that the quilt might be pieced and sent in to headquarters.

Mrs. Lou Kennedy and Miss Elsie Thomas will be the assistant hosts and Miss Kathryn Wooden will give a program of readings.

Bouquets of carnations and American flags made a pretty decoration for the small tables at the Scanlon house Saturday when the members of the Rushville township teachers association entertained the other teachers of the county with an afternoon dinner party. Danny hooded candles lighted the tables and attractively painted cards marked the place for each guest. At the close of the dinner a short program consisting of musical numbers and a variety program was presented.

will entertain the members of Beech Grove Lodge No. 399 of Arlington Wednesday evening when the local degree staff will confer the first degree upon a class of fifteen from the last named lodge. A large attendance is anticipated and special rehearsals have been held in preparation for the occasion.

The lodge at Arlington has been enjoying a very active season and much more work is in sight. The orchestra will furnish the music.

COUGHS WASTE ENERGY

Careful physicians always point out that every cough wears human strength and tears down the body's resistive powers. The reason

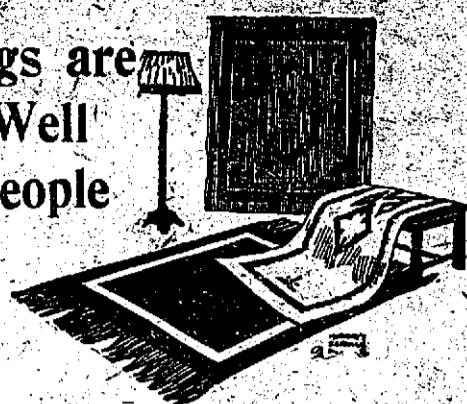

SCOTT'S EMULSIONS

is always best for coughs is that it peculiarly soothes the tender membranes while its rich, creamy food rebuilds the tissues to avert bronchitis and lung trouble.

No alcohol—just food.

THE HIGH - LOW SPREADER

It will do you good to inspect our HIGH - LOW RUSHVILLE SPECIAL manure spreader on our sample floor and it will do you MORE good to test it in the field.

This machine, built especially for us by The Litchfield Mfg. Co., produces a combination of easy loading low top-rail, with a good big high under-clearance. It easily out-classes all competing machines in this combination.

We believe that fifteen years constant development work ought to produce SOMETHING GOOD along this line and we are able to prove that it does. Here is a spreader that will go through ditches and over rough ground with astonishingly light draft and more astonishing staying qualities. In this respect it is way beyond what other manufacturers have ever thought possible.

You will be surprised to see what a HIGH under-clearance this spreader has and still how LOW down and easy to load it really is. The spring seat in front swings down out of the way, and in the rear the tail-gate and everything else is low down and well out of the way for loading purposes. It is easy to load from any direction and in any sort of a place.

It could not be built as low as it is if it was not of extraordinary light draft.

C. H. TOMPKINS
RUSHVILLE, INDIANA.

DONATE HALF OF COUNTY'S QUOTA

Present and Former Members Christian Church Board Give to Men And Millions Fund

\$5,000 YET TO BE RAISED

Present Allotment is on "Emergency Fund" Which Has Been Added to Original Sum

Five thousand dollars toward the ten thousand dollar apportionment to the Christian churches of Rush county was raised in five minutes time yesterday afternoon at the Main Street Christian church in this city toward the Men and Millions movement of the church for which there has been a five year drive, which will end in June of this year.

To the six million, three hundred thousand dollars which five years ago church workers started out to raise for all benevolences of the church, an additional fund of over one million dollars has been added as an "emergency fund" because of increased prices and other conditions calling for the money. The entire fund, to be completed in June, will add to over seven million dollars.

Indiana's apportionment in the entire fund was two and one half million. In the emergency fund, the state's allotment is \$250,000 and of that amount Rush county Christian churches are to raise \$20,000. The remainder of the ten thousand dollars will be made up during the drive which will cover April 1 to April 7, when members of every Christian church in the county will be called upon to contribute. All of yesterday's fund of five thousand dollars was made up in \$500 subscriptions, given by ten men present.

The meeting, at which the money was raised, was made up of all present and former members of the church board.

OBITUARY

Tis hard to break
The tender cord
Where love has bound the heart
Tis hard to speak the words we must forever part.
Yet again we hope to meet you
When the day of life is fled
And in Heaven with joy to greet you
Where no farewell tears are shed

Eugene Alphonzo Nelson, son of Mr. and Mrs. Alphonzo Nelson, was born Oct. 14, 1898, departed this life March 1st 1918, age 19 yrs., 4 months and 17 days.

He spent most of his school years in Union township and attended the Gings school. That he might complete the full 4 year high school course he attended school at Milroy Ind. and was graduated there in 1916. Since then he has spent his time with his parents, helping them in the activities of life.

At the early age of 14 he made the good confession and became a member of the Plum Creek Christian church, of which church he was still a member.

He was possessed of a beautiful character and childlike spirit. He was admired by all for his great affection and devotion to his kinsmen and home and in return for his happy, joyous and kind life he was loved by all.

He had had the measles and a heavy cold and seemed to be recovering, but very suddenly complications arose and on the beautiful spring day of March 1st, when the birds sang and all spring nature was intended to God's divine plan, and his beautiful young life, his spirit fled to his Maker, whence it came.

"And after this I beheld; and lo a great multitude, which no man could number of all nations, and kindred and people and tongues stood before the throne and before the Lamb, clothed in white robe, and palms in their hands.

He is survived by his parents Mr. and Mrs. Alphonzo Nelson and sister Mrs. Minor Bell of Union township and brother Lloyd Nelson of Milroy Ind.

There is no Death.

What seems so is transition
This life is mortal dream
To put the sum of the life life
Is death.

REVIVAL WILL CLOSE FRIDAY

Meetings at Glenwood United Presbyterian Church Success

The two weeks series of special meetings being held in the United Presbyterian church at Glenwood are proving to be of unusual interest and are being very well attended. The meetings started last Monday evening and will be conducted with the Friday's evening meeting of this city. The Rev. J. T. Aiken of the United Presbyterian church of this city, the regular pastor there is being assisted by the Rev. S. R. Jameson of Oxford, Ohio, brother of the Rev. A. W. Jameson, former pastor of the local church, in conducting the meetings. Everyone is invited to attend the services.

BABY FALLS TWENTY FEET

Little Son of Mrs. Louise DeHority Miraculously Escapes Death

Charles Manzy DeHority, little son of Lieut. and Mrs. George DeHority, formerly of Elwood, fell out of a two-story window a week ago last Saturday at Rockford, Ill., and miraculously escaped death or serious injury. Mrs. DeHority, who was formerly Miss Louise Manzy of this city, is at Rockford while her husband is in training at Camp Grant. The little boy, who is not yet two years old, evidently intended to leap against the window, extended to the floor, but it was up and he tumbled headlong twenty feet to the ground.

"The Queen of Spades," to be at the Gem this evening is a striking example of the manner in which skilled acting and the playing upon a single situation, a man's overwhelming passion for money, can carry the interest through from start to finish without once faltering. Much has been said regarding the ability of the Moscow Art Players appearing in these pictures and here in this, they prove that the praise heaped upon them is far from undeserved. The picture is an adaption of a work by Pushkin.

"Easy Money" is the title of the new World Picture Brady-Made this evening it will be shown at the Princess theatre. Ethel Clayton, who numbers her admirers by the tens of thousands, is the star in this production. She has a role of force and dramatic power in "Easy Money" and it is sufficient to say that all her friends will be thoroughly pleased with the part she portrays in this attraction. "Easy Money" is modern. It is replete with interesting, unusual situations and is notable for the superior excellence of its acting.

Being from Rushville Helps Harold McClanahan

The name "Rushville" and the uniform of a Sammy have been responsible for a number of good times that Harold McClanahan has had in New York while he has been stationed at Fort Jay on Governor's Island with the Military Practice Band. While in a book store in New York not long ago, he heard the handsome man next to him say "Send the book to Rushville, Illinois." Remember, it is not Indiana, enough of my man has been sent there already." On hearing the name of his home town, Private McElanahan spoke to the gentleman and his remark started a conversation which ended by his being taken to the Waldorf Astoria for dinner and having Mr. Bagley's suite of rooms in that hotel thrown open to him. It turned out that the man who was buying the book was not only a wealthy gentleman but a talented musician who gave recitals frequently, of which the local boy now has the pleasure of being a part.

"HALF RATIONS" NOT ASKED

Mr. Hoover is not asking us to go on half rations or even stint ourselves. All our government asks is that we eat more of such foods as are not needed for our soldiers and less of those that are. For the next three months we should eat more Potatoes. Use them instead of wheat and meat.

Extra Nice Home Grown Potatoes per bushel of 50 lbs. 35c

Bulk Kraut—we are just starting our last cask per lb. 60

Canned Kraut. No. 3 cans—15c, No. 2 cans—10c

Delicious Brand Green Beans per can 15c

Old Virginia Fish Roe No. 2 cans per can 15c

Ocean Herring, a fine salt fish, per pound 10c

Dill Pickles per dozen 25c

Goddard Brand Baked Beans, none better, per can 18c

Fancy Red Beans per can 10c

Not-a-Seed Seedless Raisins, full pound packages 15c

Ryzon, the perfect Baking Powder, try it, per pound 35c

Home Canned Tomatoes, quart cans, solid back, per can 25c

Stone's Cake—five kinds—per slice 13c

DELCO-LIGHT

Keeps the Boys and Girls Contented on the Farm

INCREASES FARM EFFICIENCY

The present scarcity of farm helpers is due largely to the fact that most boys and girls have been leaving the farm at an early age.

Their attention has been directed to the city by the well-lighted, cheerful homes, and the many other desirable city conveniences.

This is a condition which must be corrected, and DELCO-LIGHT will help to do it by bringing to the farm home all of the modern benefits.

DELCO LIGHT makes it worth while for the boys and girls to stay on the farm—Increases Farm Efficiency.
